

Quality Internet Sources

Search in reputable places for internet resources

Directories of Librarian-reviewed Websites

Searchable lists of accurate, quality websites; find a site to meet your needs or validate a site found elsewhere by locating it in one of these directories.

Internet Public Library

- <http://ipl.org>
- <http://ipl.org/div/subject/browse/ref95.00.00/>

Online Directory Project - dmoz

- <http://www.dmoz.org/>
- <http://search.dmoz.org/cgi-bin/search?search=online+directories>

Librarians Index to the internet

- <http://www.lii.org>

Scholarly Search Engines:

Use these alternative search engines to identify and isolate quality internet resources and locate scholarly information on the internet.

Infomine (“deep web” search engine)

- <http://lib-www.ucr.edu>

Google Scholar

- <http://scholar.google.com/>

Associations

Identify and locate websites for reputable national/state organizations & associations in fields related to your topic. Use the links provided/suggested by these institutions to identify quality internet resources.

Government

Online information published by the U.S. Government. Links to various federal and state agencies, services and information. Search the site for your topic or use the Site Index at the top of the page to browse the available categories of information.
