Any student who moves into the District for the principal purpose of enrolling at in-district tuition rates shall not be considered a resident of the District. Policy Statement: The College shall use the following academic standards of progress:

Satisfactory Progress

<table>
<thead>
<tr>

<th>Cumulative Grade Hours Attempted</th>
<th>Point Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-11</td>
<td></td>
<td>1.5</td>
</tr>
<tr>
<td>12-22</td>
<td></td>
<td>1.7</td>
</tr>
<tr>
<td>23-33</td>
<td></td>
<td>1.85</td>
</tr>
<tr>
<td>34 or more</td>
<td></td>
<td>2.0</td>
</tr>
</tbody>
</table>

Academic Probation

The College may place students on academic probation after they have attempted 6 or more semester credit hours at the College or at other institutions of higher education. Such students shall be on academic probation if their cumulative grade point average does not meet or exceed the standards of satisfactory progress (above).

Students who are on probation must see an academic advisor for approval of their proposed course schedule prior to registration. Students on probation may not register for more than 12 semester credit hours in a regular semester (or 6 during summer term).

Academic Suspension
If the student on probation attains a semester grade point average of at least 2.0 but does not yet raise the cumulative grade point average to the level listed above, probation shall be continued for another semester. If a student who is on academic probation fails to achieve at least a 2.0 semester grade point average during a semester, and also fails to bring his or her cumulative grade point average to a level that meets or exceeds the applicable standard for academic probation as set forth above, then such student shall be suspended for one semester (or one summer term plus one semester, in the case of a suspension at the end of spring semester). An appeal process shall be available to students on academic suspension so as to allow re-enrollment, pending approval of and student compliance with reinstatement requirements set by appropriate College personnel. Students on academic suspension shall not receive any financial aid.

Re-Admission after Academic Suspension
A student on academic suspension for the first time may re-enroll after one semester of suspension. A student on academic suspension for a second or subsequent time, may re-enroll only after receiving permission from the appropriate student administration office.

The College is committed to student success. Students enrolled in an academic program must maintain minimum academic achievement standards. Standards for academic achievement are published in the college catalog and are determined by cumulative grade point average of credit hours attempted. A student whose academic performance is below the acceptable standard will be placed first on academic probation, then suspension, then multiple suspension status.

This change is being presented for a first reading tonight. No action is required at this meeting. With Board concurrence, we will return this policy to you for action at the regularly scheduled May 2022 meeting of the Board.

6. Revision to Board Policy 5.26 – Ability to Benefit

Policy Statement: A student must have been awarded a high school diploma or its recognized equivalent or demonstrate per federal guidelines an ability to benefit to receive title IV and state financial aid funds. This change is being presented for a first reading tonight. No action is required at this meeting. With Board concurrence, we will return this policy to you for action at the regularly scheduled May 2022 meeting of the Board.

7. Revision to Board Policy 5.8 – Grades Given Upon Withdrawal

2. An instructor may withdraw a student with a grade of W, for non-attendance, at midterm when class attendance is verified (in compliance with the ICCB rules regarding attendance and progress).
3. A student may withdraw with a grade of W up to 7 days prior to the last day of scheduled classes for each term.
4. A student must fulfill all obligations to the College prior to withdrawing from any class.

8. Revision to Board Policy 5.7 – Repeating a Course

Policy Statement: Consistent with ICCB administrative rules and the Illinois Articulation Initiative, the College determines how courses are treated when they are repeated. Courses can either be “repeatable for credit” resulting in all graded attempts being calculated in GPA (with exceptions by student request) up to the maximum number of repeats approved for the course or “not repeatable for credit” resulting in the highest grade earned being calculated in GPA.

A student may elect to repeat a course. When the student repeats a course which is not identified as Repeatable for Credit, the higher grade will be automatically recorded on the student’s permanent scholastic record. The system identifies the original class repeated with an “R” and will maintain the grade history. Courses identified as Repeatable for Credit will have the grade replaced automatically only if the original grade is failing.

This change is being presented for a first reading tonight. No action is required at this meeting. With Board concurrence, we will return this policy to you for action at the regularly scheduled May 2022 meeting of the Board.

9. Revision to Board Policy 5.11 – Admission of Students & Elimination of Board Policy 5.2 – Selective Admission

Policy Statement: Admission to the College shall be open to all who apply and can benefit from any of the programs offered. The College and the student accept responsibility for placement of the student in courses and programs for which the student demonstrates academic preparedness. A student may demonstrate preparedness for college level work through a variety of means, including, but not limited to, a test of basic academic skills, performance on the American College Test (ACT) exam or a similar exam, coursework completed at the college level, and a high school transcript. Participation in credit bearing course work at the collegiate level is open to all who are 16 years of age and can demonstrate their level of preparedness. For a student who meets all admissions criteria, but who initially does not demonstrate preparedness for college level work, the College reserves the right to restrict access to certain courses and programs and affirms its commitment to helping the student achieve preparedness.

In accordance with Section 805/3-17 of the Illinois Public Community College Act, the College shall admit any student qualified to complete a program offered by the College. Upon acceptance, entry level competence must be demonstrated in advance of enrollment in transfer programs and selective admissions programs designated by the College, which competence may be achieved through preparedness programs conducted by the College. Information about admission
requirements, procedures and options is published in the College catalog and other appropriate media. Admission to the College does not guarantee entrance into a particular course or program of study.

In special circumstances, the Vice President for Student Services (or the Vice President’s designee) in conjunction with the Vice President for Academic Services, (or the Vice President’s designee) may, with mutual agreement of affected faculty, authorize admission to the College and registration into college level course work by students who do not meet all admissions criteria. The Vice President for Student Services (or the Vice President’s designee) may deny admission to a person due to their prior conduct at a secondary or post-secondary institution.

Persons who have been suspended or expelled from any other post-secondary institution for disciplinary or behavioral issues may be denied admission to Lincoln Land Community College by the Vice President of Student Services or the Vice President’s designee, if their presence is deemed a threat to the college or its personnel.

1. LLCC Board of Trustees Sub-Districts

Lincoln Land Community College is required to establish and update boundaries of each of our geographical sub-districts based on census data. Based on the 2020 United States census, the Lincoln Land Community College district as a whole experienced a population loss of approximately 7,800. Given shifts in population it was necessary to make adjustments to the current sub-districts in order to better balance the population within each sub-district. Using GIS software with the 2020 census information a proposal has
been developed to make the necessary boundary adjustments to the seven sub-districts to ensure they are similar in population size.

Board members were reminded that the terms of office are 6 years and 4 years.

**MOTION NO. 4-27-22-5:**

Mr. Gates moved to approve the attached resolution revising the current boundaries of each of the seven Lincoln Land Community College District Number 526 Board of Trustees’ sub-districts. Mr. Holaway seconded.

Upon roll call vote, those members voting aye were Dr. Davis, Mr. Elmore, Mr. Fulgenzi, Mr. Gates, Mr. Holaway, Ms. Raymond, and Mr. Rosenthal. PASSED

2. Electrical Distribution Lineman – LLCC Fees

In the March board meeting, the contract for AIEC was approved for the Electrical Distribution Lineman program which also included an increase in fees to LLCC. These fees are recouped through Electrical Distribution Lineman (EDL) student fees. Our previous course fees for the Electrical Distribution Lineman courses read as follows:

Electrical Distribution Lineman courses (EDL) have an additional course fee. Classes with 2.0 credit hours have a course fee of $462. Classes with 3.5 credit hours have a course fee of $921.

We need to retroactively change the fees to cover the increase. The proposed new fees should read as:

Electrical Distribution Lineman courses (EDL) have an additional course fee. Classes with 2.0 credit hours have a course fee of $512. Classes with 3.5 credit hours have a course fee of $1,021.

**MOTION NO. 4-27-22-6:**

Mr. Fulgenzi moved to approve adjusting the other course fees to $512 for 2.0 credit hours and $1,021 for 3.5 credit hours of EDL courses beginning with the fall 2022 term. Mr. Gates seconded.

Upon roll call vote, those members voting aye were Dr. Davis, Mr. Elmore, Mr. Fulgenzi, Mr. Gates, Mr. Holaway, Ms. Raymond, and Mr. Rosenthal. PASSED

3. Health Insurance Rates for FY2023

In March, the insurance committee reviewed the claims status of the current plan year and the forecasted costs for FY2023 for health insurance as determined by the College’s insurance consultant. Claims for the current and previous two plan years were reviewed, and data trended forward to arrive at expected claims for fiscal year 2023. After considering all information that was available, the six voting members of the committee
came to consensus on modest plan design changes and the resulting increase to premiums.

Highlights on the restructured health insurance agreement:
- Allows LLCC to be more competitive in retention and recruitment of staff
- Brings LLCC health insurance structure more in line with other community college peers
- Assumes a mix of cost sharing due to employees on single coverages to pick up 5% of premium cost and LLCC picking up higher percentage of cost on Employee and Spouse, Employee and Children, and Family plans
- For those on High Deductible Plan, reduces LLCC HAS contribution from $3,420/year to $3,000/year

MOTION NO. 4-27-22-7:

Mr. Holaway moved to approve the insurance recommendations as discussed. Dr. Davis seconded.

Upon roll call vote, those members voting aye were Dr. Davis, Mr. Elmore, Mr. Fulgenzi, Mr. Gates, Mr. Holaway, Ms. Raymond, and Mr. Rosenthal. PASSED
