DATE: September 27, 2023

The Board approved the Emergency Deferred Maintenance Capital Project for Exterior Door Security Upgrades to install electromagnetic lock upgrades and software solution that will lock down building doors in the event of an emergency at the August 2020 meeting.

The College uses the Genetec software for the security cameras and the door security. During the material ordering process for this project, it was discovered that the Genetec Software platform will need to be upgraded with a required 5-year software maintenance agreement due to the quantity of devices that will be monitored when all cameras and door access controls are on-line. The Genetec Software Upgrade is not part of the Exterior Door Security Upgrades project scope; however, the software upgrade is required to complete the project.

Senergy Electric, Inc. is the authorized representative of Genetec software in our area and is the contractor that is completing the Exterior Door Security Upgrades project. The following is a proposed new Board Policy:

Policy Statement:

It is the policy of the College to promote the free exchange of ideas while maintaining safe, secure, and efficient educational operations for the benefit of students, staff and visitors to campus. Expressive activities on campus shall be subject to reasonable regulation in respect to the time, place and manner of such activities, but shall not be subject to restriction due to content or viewpoint. Use of College property as a venue for expressive activities shall not imply or signify the College’s endorsement, sponsorship, approval, or disapproval of any view expressed during the course of such activities.

Expressive Activities Defined
Expressive activities shall include speeches, circulation of petitions, marches, rallies, protests, assemblies, and/or any public demonstration on College property.

Scope
This policy shall apply to all College facilities but shall not apply to the use of any College area where employees are acting in the course of their job duties and responsibilities. Further, this policy shall not apply to any person or organization desiring to advertise or sell merchandise or services for commercial purposes on campus.

Expressive Activities By Current Students and Registered Student Groups
Current students and registered student groups may use any publicly accessible outdoor College space to engage in expressive activities that may include speakers, nonviolent expression, distribution of literature, displaying of signage, circulation of petitions and advocacy for or against any right or activity protected by the United States Constitution, the Constitution of the State of Illinois, any federal, state, or local law, and/or the policies or practices of the College. Any such use of publicly accessible outdoor space (other than parking lots or driveways) need not require prior notification or permission. The use of walkways or other common areas may not block the free passage of students, staff and visitors to campus nor impede the efficient operation
of the College. Amplification during expressive activities shall be restricted if it interferes with College operations.

**Expressive Activities By Visitors to College**

Members of the public who are not current students or members of registered student organizations must receive permission before engaging in expressive activity at any College facility. Requests to schedule expressive activities shall be submitted to the Vice President of Administrative Services. Requests must be made in writing and submitted to the Vice President during regular business hours at least 48 hours prior to the proposed commencement of the expressive activity. At a minimum, any such request shall include the name, address, telephone number and email address of the requesting person, the date and hours requested for the expressive activity, the outdoor area requested for use, and the number of anticipated participants. In order to assure the maintenance of efficient College operations, and to maintain public safety on College grounds, the Vice President (or designee) has been authorized to approve or deny an application for expressive activity provided, however, that the Vice President or designee shall not take the content of the proposed activity into consideration when approving or denying an application. The Vice President or designee’s decision in response to any such request shall be made no later than one business day following receipt of the request.

**Rules Governing Use of College Grounds**

Expressive activity on College grounds shall be subject to the following:

- Unless otherwise approved in advance by the Vice President, Student Services, expressive activity may occur during regular College business hours.
- Expressive activity shall not block any building entrance or exit, or impede access to parking lots, athletic fields, or outdoor educational facilities.
- Expressive activity shall not interfere with the educational mission of the College or any College business.
- Expressive activity shall not deface or damage any College property, including landscaping features, utility lines and equipment, walkways and parking lots, fences, signage, monuments and works of art.
- Expressive activity shall not create or promote a threat to public safety or security as determined by the College’s police department.
- Expressive activity shall not violate any law or College policy and shall not entail any harassment, bullying or intimidation of any individual, or group.

College programming that includes camping or sleeping overnight on College grounds shall not be allowed except with express written approval of the Vice President, Student Services.

Expressive activity inside College buildings is prohibited except as authorized pursuant to Board Policy 7.1 (Use of College Facilities), or as authorized by the Vice President, Student Services (current students) and Vice President, Administrative Services (visitors) when inclement weather conditions or other circumstances recommend against outdoor expressive activities.

Signs, banners, or structures of any kind used in connection with an expressive activity shall be freestanding and shall be removed upon conclusion of the activity.

**Enforcement**
Any suspected violation of this policy by a student or a student group should be reported to the Vice President, Student Services, and any suspected violation by a visitor or visitors to campus should be reported to the Vice President of Administrative Services. Reported violations shall be promptly investigated and result in appropriate enforcement response, if warranted. The College reserves the right to stop any expressive activity that materially interferes with or disrupts the educational process or normal activities of the College. Any person who violates this policy may be subject to an order to vacate College property, and any employees or students who violate this policy may be subject to discipline in accordance with College policies and procedures.
