III. Action Agenda

A. Policies

1. New Board Policy 1.30 – Anti Hazing Policy

Clery laws require the college to have an Anti-Hazing policy. Therefore, the following is a new Board Policy 1.30 – Anti Hazing Policy.

Lincoln Land Community College (the "College") is committed to maintaining a safe and healthy educational and employment environment for everyone and does not tolerate hazing by any group or individual affiliated with the College. Hazing poses significant risks to individuals and

communities, leading to severe physical, emotional, and psychological harm. It often involves activities that humiliate, degrade, or endanger participants, creating a toxic environment that undermines trust and respect. Hazing can interfere with academic performance and social relationships, fostering a culture of fear and exclusion. This policy applies to all faculty, employees, students, and other individuals participating in or attempting to participate in the College's program or activities, including education and employment.

It is the policy of Lincoln Land Community College to comply with the amendment of the Higher Education Act of 1965 to require institutions of higher education to disclose hazing incidents, the Jeanne Clery Disclosure of Campus Security Policy, and Campus Crime Statistics Act ("Clery Act"), and all other applicable laws and local ordinances regarding unlawful hazing behavior or other misconduct.

Any student organization and individuals found to have engaged in prohibited hazing behavior will be subject to disciplinary action, up to and including student organization loss of College facility use, recognition and/or funding and termination and/or expulsion from the College. In addition to College disciplinary action, an individual or organization may be subject to civil liability or to criminal liability under Illinois' anti-hazing or other laws.

For the purpose of this policy, it shall not be a defense that the consent of the minor or student was sought or obtained or that the conduct was sanctioned or approved by the organization.

Geographic Reporting Statements:

The College, in regard to the Annual Security Report, must disclose hazing violations committed by a student organization reported to have occurred on or in the campus' Clery geography. It does not matter whether or not the student organization is established or recognized by the institution.

The College, in regard to the Campus Hazing Transparency Report, must summarize hazing violations, found to have been committed by an established or recognized by the institution student organization, regardless of where the misconduct occurred. It does not matter whether or not the misconduct occurred on or in the campus' Clery geography.

This is being presented for a first reading tonight. No action is required at this meeting. With Board concurrence, we will return this policy to you for action at the regularly scheduled August 2025 meeting of the Board.

- B. Academic Services Division Items None
- C. Student Services Division Items None
- D. Administrative Services Division Items
 - 1. Tentative Fiscal year 2026 Budgets

We are in the process of preparing budget documents following our June 25 Budget Workshop. Copies of the tentative budgets for fiscal year 2026 are attached as a separate document. No changes were made to the Tentative Budget after the Board Budget Workshop.

It is possible that additional adjustments may be necessary before the Final FY26 budget is adopted in September.

As required by law, the operating funds (Education and Operations and Maintenance Funds) budget must be available for public review at least 30 days prior to its adoption by the Board of Trustees. Therefore, no action is requested on the budget other than to authorize placing the tentative budget on file.

We anticipate presenting a final budget for your approval at the September meeting of the Board.

MOTION NO. 07-23-25-3:

Mr. Gates moved to place on file for at least thirty days, for public review, the Tentative Fiscal year 2026 Operating Budget seconded by Mr. Holaway.

Upon roll call vote Ms. Blimling (advisory), Mr. Elmore, Ms. Enz, Mr. Gates, Mr. Holaway, and Mr. Rosenthal voted aye. PASSED

2. FY 2027 Capital Budget Request

Each year colleges are permitted to submit requests for state funding for construction projects. If approved, state funding provides for 75% of the funding needed for the project. The 75% funding comes in the form of Capital Development Bonds authorized by the General Assembly; hence the projects are administered by the Capital Development Board on the college's behalf. This year, the requests are due by August 1st. The projects listed below are included in the Facilities Master Plan presented to the Board of Trustees tonight.

At this time, we are recommending the below long-term priority projects be submitted for state funding. The total estimated cost for each project reflects construction, design and engineering fees, contingency, furniture, equipment, and the CDB Construction Administration Fee in 2026 dollars. Note that these estimated project totals vary from the Master Plan totals due to an escalation factor that is allowed by ICCB/CDB. The recommended projects are as follows (listed in priority order):

1. MENARD HALL AND SANGAMON HALL RENOVATIONS

Master Plan 2024, Long-Term Priority Project - Phase A: Project will consist of renovating the Main and Upper Levels of both buildings to improve student services and college function. The renovation in Menard Hall will include Main Level Finance and VP Suite and Upper-Level renovations to Faculty, Dean's, and Adjunct Offices. The renovation in Sangamon will include Main Level Faculty Offices and Upper-Level Faculty and Dean's Offices.

| Total Cost Estimate | State Share (75%) | LLCC Share (25%) |
|---------------------|-------------------|------------------|
| \$10,200,000 | \$7,650,000 | \$2,550,000 |

2. SANGAMON HALL AND CASS GYMNASIUM RENOVATIONS

Master Plan 2024, Long-Term Priority Project - Phase B: Project will consist of renovating the Main Level and Lower Level at Sangamon Hall and Main and Lower Levels of Cass Gymnasium to improve Library and academic functions as well as athletic support spaces. The scope in Sangamon Hall will include a complete

renovation of the Main Level Library and classroom spaces. Lower-Level renovations in Sangamon Hall include AIEL, Tutoring, Writing Center, Math Center, and Library seating and study area. The renovation in Cass Gymnasium will include additional offices on the Main Level and a complete renovation of the Lower Level for updated locker rooms and support/storage needs. Cass Gymnasium will also have an addition to the North side of the building for multi/purpose practice space and additional storage needs.

| Total Cost Estimate | State Share (75%) | LLCC Share (25%) |
|----------------------------|-------------------|------------------|
| \$24,700,000 | \$18,525,000 | \$6,175,000 |

3. NEW CHILD DEVELOPMENT CENTER

Master Plan 2024, Long-Term Priority Project - Phase C: Project will consist of construction of a new (approximate) 15,000 square foot, single-story, Child Development Center (CDC) immediately adjacent to the existing CDC. The new building will consist of Classrooms (Infants, Toddlers, Pre-school), Resource Room, Instructional Classroom, Offices, Lounge, Restrooms, Kitchen, Laundry, Observation, and other mechanical and storage support spaces. The new building will also include a new playground to support the children's development outside of the classroom.

| Total Cost Estimate | State Share (75%) | LLCC Share (25%) |
|----------------------------|-------------------|------------------|
| \$10,900,000 | \$8,175,000 | \$2,725,000 |

MOTION NO. 07-23-25-4:

Ms. Enz moved to authorize the request for state funding for fiscal year 2027 of the projects defined herein seconded by Mr. Gates.

Upon roll call vote Ms. Blimling (advisory), Mr. Elmore, Ms. Enz, Mr. Gates, Mr. Holaway, and Mr. Rosenthal voted aye. PASSED

B. President's Report

Summer session will be wrapping up next week for students. The fall semester will start on August 25th. Enrollment continues to look good; we are seeing increases over last fall. We will be holding extended hours for fall enrollment the week of August 18th, including Saturday, August 23rd from 10 a.m. to 1 p.m.

New implemented federal screening for financial aid eligibility is causing delays in payment for some students.

Twenty-nine LLCC Agriculture students participated in a week-long agricultural industry tour in Italy this summer. Tour stops included locations in Rome, Tuscany, Siena, and Florence. Students visited Italy's leading designer and manufacturer of agricultural machinery and farms with grains, fodder crops, vegetables, cheese, dairy cow breeding and production, hazelnut, and olive production.

LLCC-Taylorville will be hosting a Business After Hours event on Wednesday, August 6th. We are pleased to be a part of this Greater Taylorville Chamber of Commerce event, and it will be an opportunity for members to get better acquainted with our new LLCC-Taylorville director, Elizabeth Fines-Workman, who began on June 30th.

We will be hosting the 2025 Peaceful Partners Illinois Domestic Violence Conference in September. The conference is focused on the role of technology and staying safe in a digital world. The conference will provide 6.25 continuing education units for Illinois certified domestic violence professionals, nurses, counselors, social workers and more.

We held Workforce Institute Information Sessions earlier this month. 17 prospective students spoke with instructors, learned about the training and career pathways for: Commercial Electrical & Industrial Maintenance, Automotive Technology, Hospitality Management & Culinary Arts, and Aviation.

Leslie Messina has been named our new head softball coach. She formerly served as an assistant softball coach for us and has 17 years of coaching experience at the community college level. She replaces John Marsaglia, who retired after 12 years leading Loggers softball. During that time, he compiled 394 wins and was named the Mid-West Athletic Conference Coach of the Year five times.

Biology Professor Tony Rothering shared the final spring 2025 report from LLCC's Bird Banding Station. It was our 25th banding season (12th spring season) since the station began in 2012. The data collected is added to a global database that tracks such information as migration patterns and population growth. A few of the highlights from the report — 1,211 birds of 75 species were banded over 25.5 banding days. Some of the more interesting recaptures were a Red-bellied Woodpecker that was originally banded in the fall of 2018 and a Blue Jay, a Brown-headed Cowbird, and a House Sparrow, which were all originally banded in the fall of 2019. Also, they added one new species to the station total this spring — Harris's Sparrow.

Our Community Education folks have been working with the Motherland Gardens Project in Springfield to help introduce students to the nutritional value of vegetables and ways to prepare them. They have practiced cooking skills by making fresh garden salsa and mini pizzas topped with fresh vegetables.

The last Media Makers Camps for the summer are being held this week. They provide an introduction to our integrated media design program for high school students and recent graduates. There were 43 participants this year. The camps were funded through an Accelerated Training Opportunities in Manufacturing and Technology grant from the U.S. Department of Labor.

Summer College for Kids is also holding its last camps of the summer this week. There were 53 face-to-face camps and a total of nearly 600 participants. One of the camps held earlier this month was "Make, Bake and Donate" in which youth prepared a variety of baked goods, including made-from-scratch dog treats, breads, and cupcakes. Then, the students donated nearly 800 of these baked goods to local charities and animal shelters. Pawfficer Ember served as quality control, sampling the dog treats before they went out.

About 90 people attended Community Education's most recent "History Cooks" demonstration at the Lincoln Home National Historic Site. This year's theme is U.S. Presidents, and there are two more presentations yet this summer on Fridays at noon that will feature demonstrations of favorite foods of John Adams and Thomas Jefferson.

Our Adult Education program is currently operating through grant funding; federal funds were recently halted. While state funding remains stable for now, future funding is uncertain. Given these circumstances, there was discussion of how to manage the future of this program. To date, we have restructured parts of the program including increasing class size to reduce the number of classes and therefore reduce costs .Mr. Gates and Dr. Davis expressed concern and would like administration to look for other funding to keep this program operating.
