**FISCAL YEAR 2005  
CAREER AND TECHNICAL EDUCATION FOLLOW-UP STUDY  
OF FISCAL YEAR 2004 GRADUATES**

**Introduction**

As part of an ongoing accountability and program improvement initiative, Lincoln Land Community College annually conducts a survey of occupational program graduates. This report provides information on graduates of occupational programs regarding the effectiveness of their community college experiences. Graduates are asked to complete a standardized survey instrument that addresses attendance objective, education status, employment status, salary, employment start-up, geographic location of employment, and satisfaction with employment and components of the educational program completed. Data gathered from these surveys provide valuable information for the College's program review process and assists the college in providing satisfactory employment and compensation for their graduates.

The Illinois Community College Board identifies the programs that must be included at each local campus. For the fiscal year 2005 study, twenty-eight occupational programs were identified. Of these twenty-eight programs, Lincoln Land Community College offered and awarded degrees during fiscal year 2004 in the following: Airframe & Powerplant Aviation Mechanic, Auto Body Repair, Automotive Technician, Automotive Technology, Aviation Management, Child Development, Lodging Management, Occupational Therapy Assistant, Real Estate Salesperson, Real Estate Broker, Truck Driver Training CDL Basic, and Teacher Aide. Lincoln Land Community College elected to include all occupational programs in the follow-up survey. Former students who completed occupational programs during fiscal year 2004 (summer term 2003, fall term 2003, or spring term 2004) were mailed surveys. If a graduate did not respond to the initial questionnaire, a second survey was forwarded. If the second contact with these students did not elicit a response, department chairs attempted to contact the graduate by phone.

A total of 934 LLCC former students were surveyed in March 2005. Three hundred sixty persons responded, yielding a response rate of 38.54 percent. Graduates from the programs that ICCB identified as required for fiscal year 2004 accounted for 153 of the surveyed graduates and 115 of the responses, yielding a response rate of 75.16 percent. As illustrated in Table 1, the Basic Nurse Assisting program accounted for the largest group of the graduates responding, closely followed by the Truck Driver Training program. Because overall results are influenced by program size, the data reported in Tables 1 - 21 are provided by program category. Table totals will vary due to some respondents failing to answer all survey questions.

## *Response Rates by Program*

| <i>Curriculum Code</i> | <i>Program Name</i>                  | <i>Degree Level</i> | <i>Number Surveyed</i> | <i>Number Responding</i> | <i>Percent Responding</i> |
